W

elcome to the 2010 Learn Green: A Green Schools Conference & Expo!

Thank you for taking the initiative to “go green” at your school. We hope you gain practical ideas, glean new insights, and discover community partners that can assist in reaching your green school goals! Our aim is to create a supportive environment for growing cultures of sustainability in our schools.

Thank you to our sponsors:

Keynote Speaker ~ Jim McGrath

Growing Florida Green Schools - Sustainability for Florida Schools, their Students and our Earth

Jim McGrath, Executive Director, Green Schools National Network, will give an overview of the astonishing growth of Green Schools across America. He will review how to incorporate sustainability throughout your school and will share how to give your students the skills and knowledge to become part of the solution to sustain a vibrant Earth.
